Additional Features

Constructive Insights	Tools and techniques for architects looking to gain an advantage in this demanding industry.
Guest Column	Industry leaders weigh in on the issues facing the metal construction industry.
Tech Notes	The latest information about new software and how it's changing the metal architecture business.
Arch Connect	One-page profiles of leading architects and how they use metal in their designs.
My Best Use of Metal	A reader-contributed column that looks at the creative and unique ways architects are using metal building products.
Building Profile	Profile of a building that includes design elements, performance, details, unique use of metals, etc.
News and Events	Reporting on the latest news, personnel moves and events affecting the metal construction industry.
New Products	Every month <i>Metal Architecture</i> will feature new products as they debut in the marketplace.
Product Catalogs	A survey of metal building products by category.
Top Honors	Mini-profiles of award-winning projects.

December Special Issue Design Book 2018

Inspiration from the last year
In this special stand-alone issue, we will feature the most inspiring and dynamic projects of the last year. Devoted to illuminating the design trends of the metal construction industry from the last year, the Design Book provides the kind of information and inspiration architects want on a daily basis.
