**Additional information** (type of metal, gauge, color/coating type, rollforming information, etc.):

## Project Fine Points

Please give a brief summary of the project. (1000 character limit. Supplemental materials accepted.)

Describe the project goals and how metal was used to achieve those goals. (1000 character limit. Supplemental materials accepted.)

Why was metal selected for this project? (1000 character limit. Supplemental materials accepted.)

## Categories

Metal roofing  
Ribbed metal wall panels  
Smooth metal wall panels  
Metal buildings  
Interiors  
Renovations and retrofit  
Natural metals  
Sustainable design  
Best overall design

## Prizes

A winning project will appear on the cover and be featured inside the July 2023 issue of *Metal Architecture*. Firms responsible for the winning entries will each receive 6 extra copies of the issue. A commemorative award will also be sent to the winners.

## Deadline

Entries must be received by **April 14, 2023**.

## Entry Requirements

Projects to be considered must have been completed after January 2022. Metal must be the primary material for the project. For submissions in the metal building category, please include the metal building manufacturer.

## Images

Digital images may be submitted electronically by email or uploaded to a file share site. A minimum of three photos must accompany each entry though more are welcome and encouraged. **Please do not submit more than 12 images.**

**Quality photography increases the chances of a project receiving stronger consideration, but please limit the image files to 1.5 MB each.**

Before images **must** be included for projects to be considered in the Renovations and Retrofit category.

Rights to all images must be transferable for *Metal Architecture's* use in print and electronic media. Click here for the complete "[Photo Submission Terms of Agreement](#)."

Please provide photo credits.

## Additional Information

All submitted materials become the property of *Metal Architecture* with the express understanding they will never be loaned or given to third parties without the submitter's knowledge or permission.

Acknowledgement of submissions will not be provided because of the number of entries received.

Entries will not be returned.

## Judging Criteria

Overall appearance.  
Significance of metal to the overall project appearance.  
Innovativeness of material use.  
Significance of metal to achieving project objectives.  
Quality of accompanying photography.

Projects may be judged in multiple categories, but no project can be named a winner or honorable mention in more than one category.

## Submittal

**Complete the entry form and submit along with images via email or by posting to a file share site.** If you have additional information about the project—press releases or write-ups—or need more space to complete the form, it can be submitted as pdf or Word documents. We appreciate any additional details about the project.

Project photos and submission forms can be submitted over email to [mmarro@kenilworth.com](mailto:mmarro@kenilworth.com). Files may also be submitted via file share site. Send download instructions with the entry form if you are sharing with your account. To use the MA account, please send an email to Marcy Marro, [mmarro@kenilworth.com](mailto:mmarro@kenilworth.com), to receive upload instructions.

**Please contact Marcy Marro, (847) 674-2200, ext. 25, or [mmarro@kenilworth.com](mailto:mmarro@kenilworth.com), with any questions.**
